## Tablet PC FAQs

---

**Question:** How do I connect to a projector?

**Answer:**

1. Power on **Projector**.
2. Power on **Tablet PC** and connect to **Projector** from left side of **Tablet PC**.  
Note: If using the docking station, plug **Projector** into the back of the docking station.
3. Start the **Tablet PC**.
4. Press the blue **ThinkVantage** button.
5. Select **Device Configuration**, then **Display Settings**.
6. A new box will appear, select **Presentation on Projector and Notebook (XGA-1024x768)**.
