Tablet PC FAQs

Question: How do I enable the screen rotation on the Tablet?

Answer:

1. Select **Start Menu**.
2. Select **Control Panel**.
3. Select **Intel® GMA Driver for Mobiles** option.
4. Select **Display Settings** tab on the left.
5. Select inside **Enable Rotation**, close.

6. After completing steps 1-5, simply press  button on your monitor to rotate from laptop to tablet. Note: you may have to press the button several times for correct positioning.
